

ROTARY LIFT
The World's Most Trusted Lift

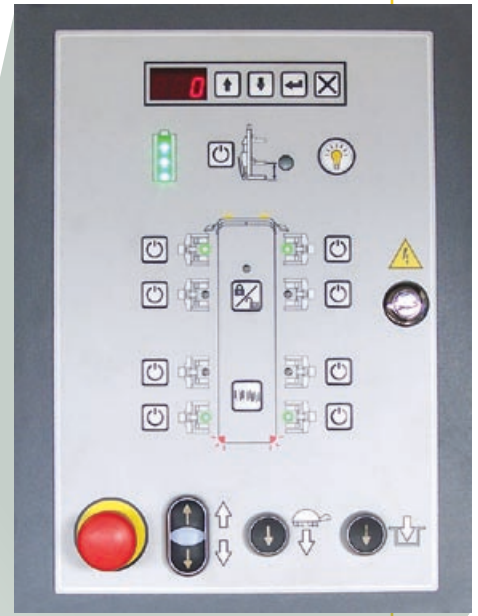

MOBILE COLUMNS
Heavy-Duty

THE **FASTER & EASIER** CHOICE FOR YOUR MAINTENANCE FACILITY.

The all new MACH 4 is setting a new standard in mobile column lifts. Operator friendly designs and exclusive features give you a lift that's easier to use and set up is over 30% faster than similar competitive lifts.

MOBILE COLUMN LIFT	MACH4	MACH6
Column configuration	4	6
Capacity	72,000 lbs.	108,000 lbs.
Rise	70" (1778 mm)	
Lifting cycles	15-20 per charge	
Column width	45.5" (1156 mm)	
Tire Dimensions	9"-24" (229-610 mm)	
Clearance from fork to column	10" (254 mm)	
Speed of rise	78 seconds	
Charging voltage	110v charger*	

*Call factory for alternate voltage.

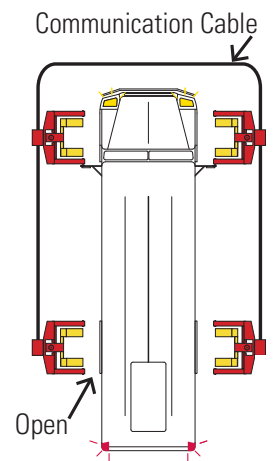

PATENT PENDING EXCLUSIVE CONTROLS

- No master/slave column, lift can be controlled from any column
- Single, paired, or all operation
- Programmable height limiter
- Slow lower (2 speed)
- Live height reading
- LED light control
- Battery indicator
- Lower to lock
- E-stop

AUTOMATIC STEERING SYSTEM

- No need to manually pump the jacks up to move the columns in and out
- Saves precious time on every set up

HORSESHOE WIRING

While other mobile column lifts are connected by four cables, the MACH 4 uses just three (forming a horseshoe), so the front or back of the lift is always open. Vehicles can be driven in and out of the bay without wasting time to disconnect and reconnect cables.

RETRACTABLE CORD REELS

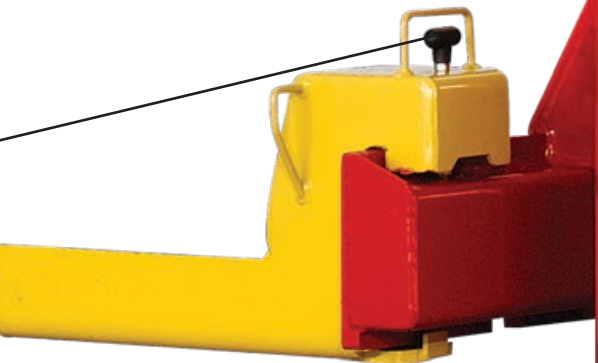

- Keep the cables safe, out of the way and off the floor!
- No need to waste time winding cables every time you use it
- Quick lock connection provides easy one-handed connectivity between columns

HYDRAULIC CYLINDER

- The hydraulic cylinder is inverted
- The chrome piston rod is protected from debris and damage at all times extending the life of the product and substantially reducing maintenance costs

EASY TO MOVE ADJUSTABLE FORKS

- Improves set up time with no need for reducer sleeves

OPTIONAL LED LIGHTING

- High-efficiency, environmentally friendly lighting with single touch operation

BATTERY OPERATED WITH ON-BOARD CHARGER

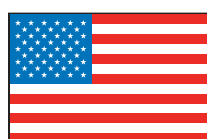

- Battery operated [(2) 12V DC*] with waterproof on-board Minn Kota® charger
- No power cords to clutter up the service bay
- Use it anywhere! Even washbays!

*Battery purchased separately for international use.

FORKLIFT POCKETS

- Provides sure and convenient way to move lift within your shop
- Included with every lift
- Clearly labeled for easy handling

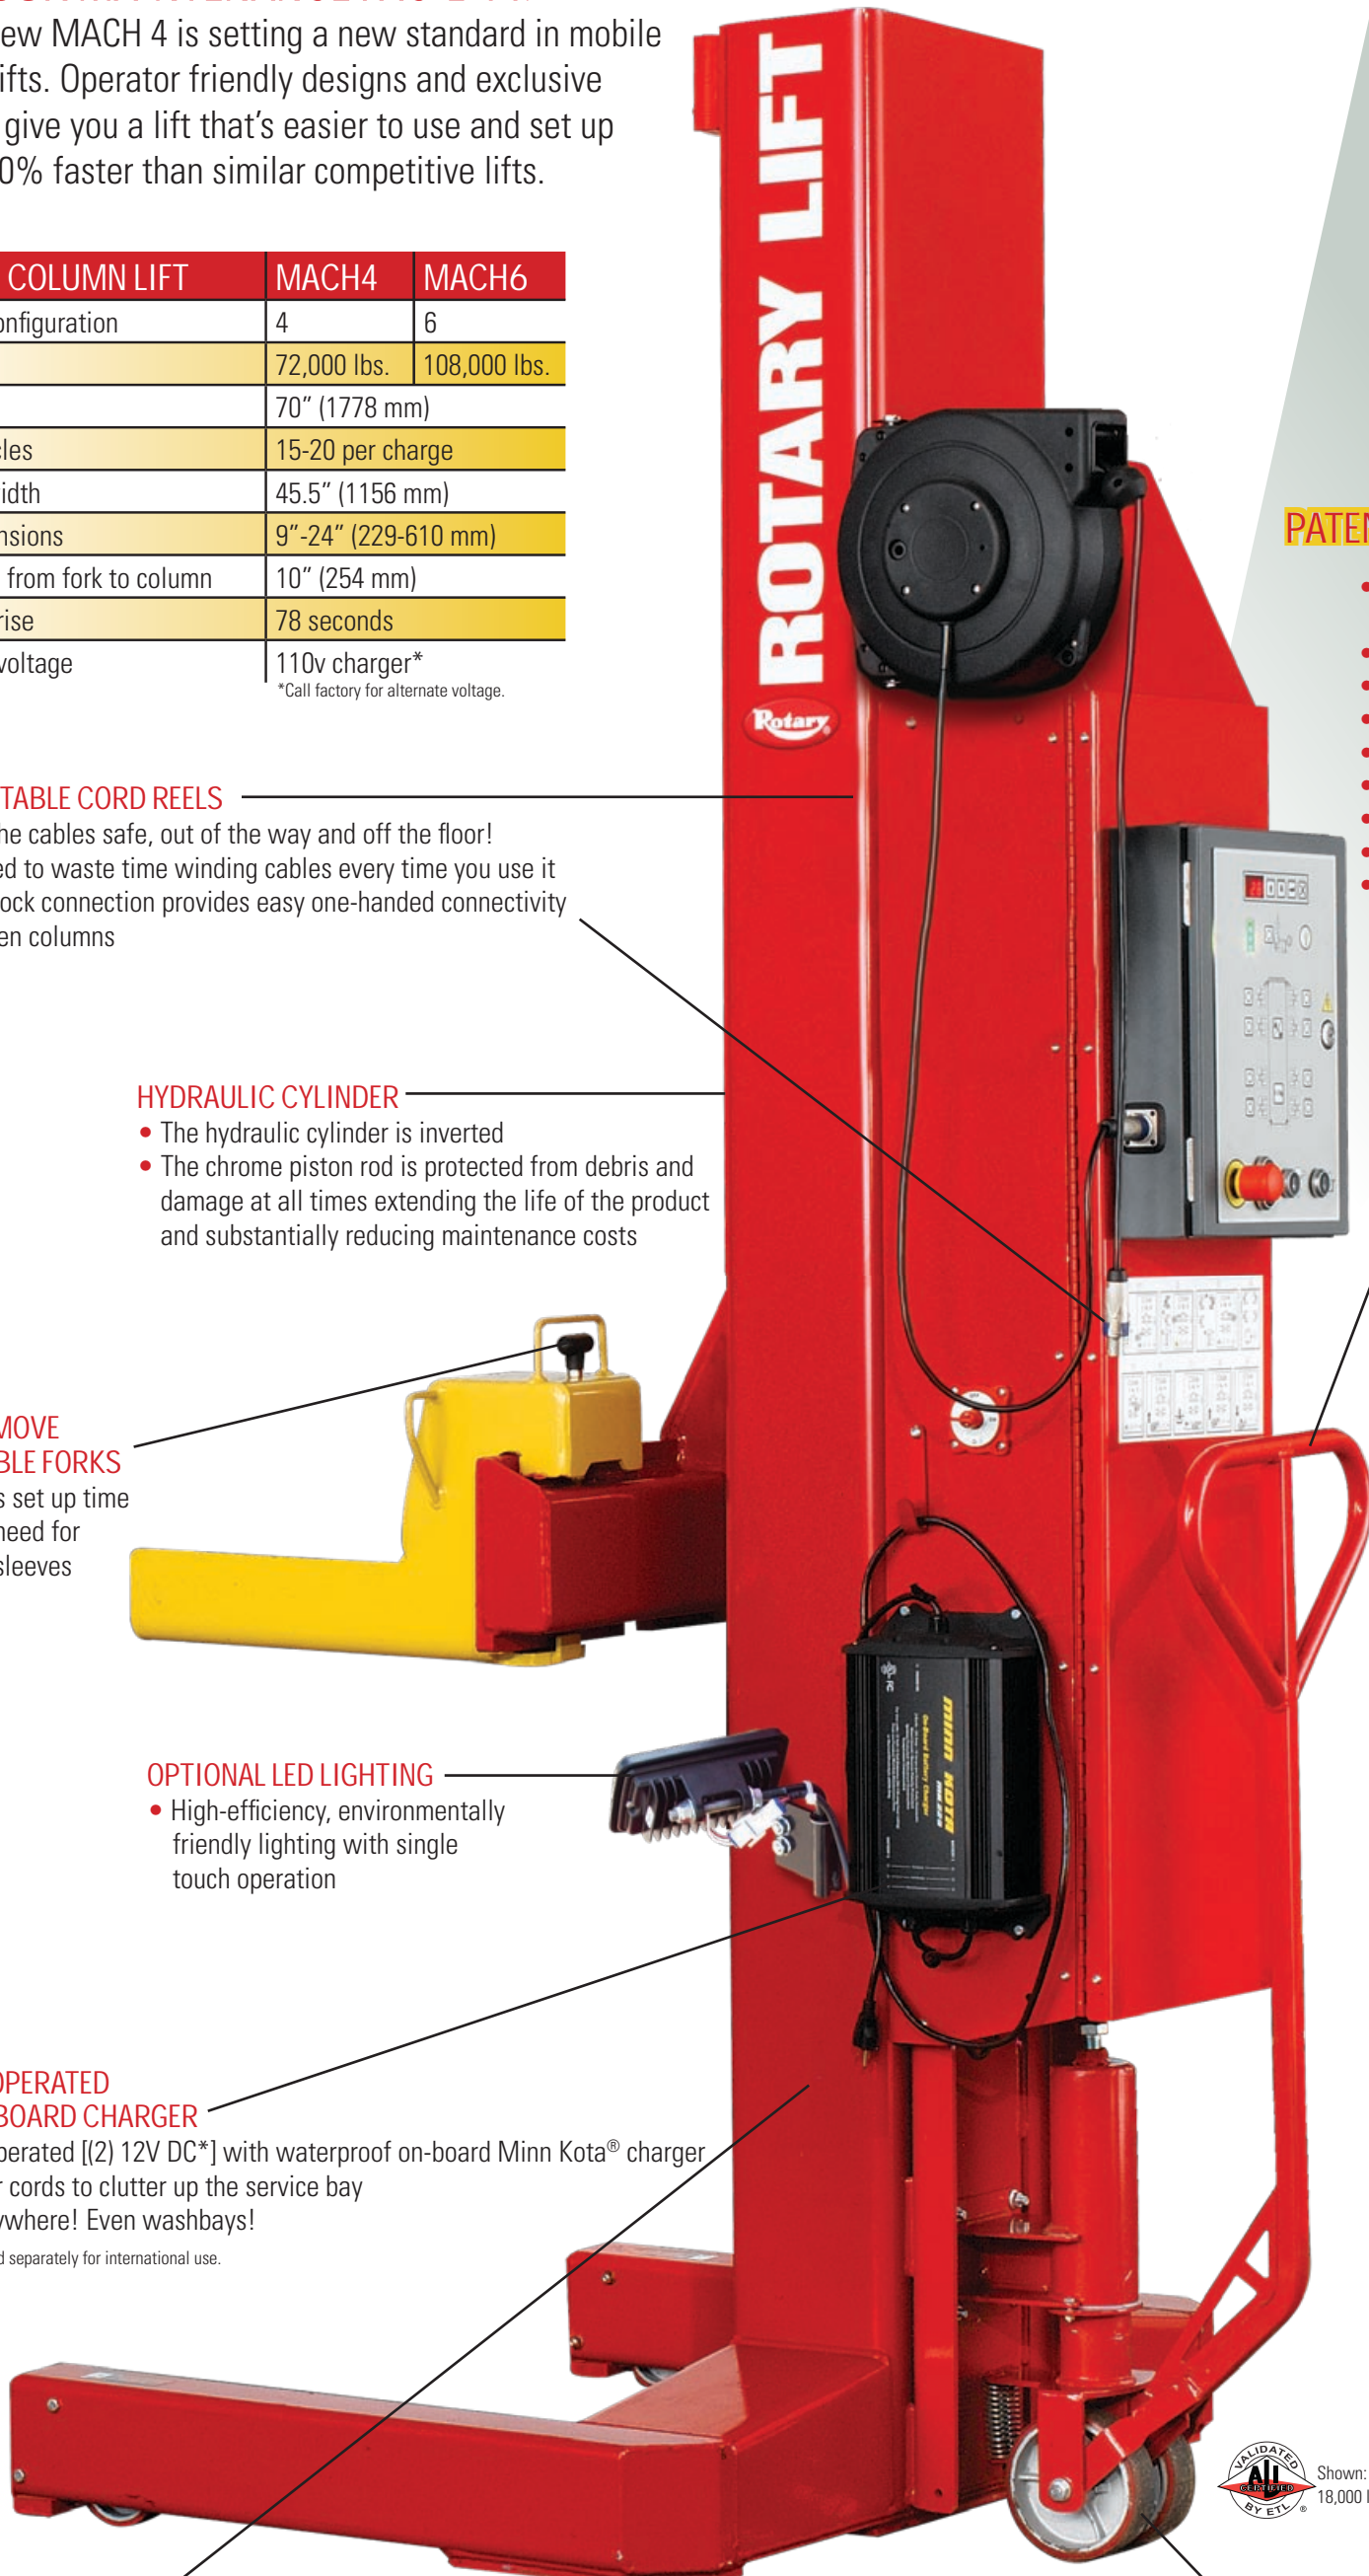

MADE IN THE U.S.A.

Shown: MCH418
18,000 lbs. capacity

RUBBER-COATED WHEELS

- Easily rolls over dirt and debris that can jolt other lifts to a stop
- All wheels automatically retract under load (patent pending)

ACCESSORIES

- Frame-engaging end lift enables lifting by the front and rear of the vehicle using stacking adapters

NEW
Frame
Lift

Shown: M140005 Truck Frame Kit.
15,000 lbs. capacity

NEW
LED
Lighting

- High-efficiency LED lighting system provides hands-free lighting under the vehicle
- Conveniently operated from lift's control panel with single touch operation

**Extended
Forks**

- Longer forks and support legs available to support inboard tires on dual-wheeled axles
- Also for use with M140004 forklift ramp kit and M140005 truck frame kit

**Fork Lift
Kit**

Shown: M140004 Forklift Ramp Kit.
10,000 lbs. capacity

- Makes it easy to service fork lifts using two MACH4 columns
- Easily attaches to the base of the column giving the clearance needed to raise fork lifts with a capacity of 10,000 lbs.

**Jack
Stands**

Shown: RS18
18,000 lbs. capacity
tripod stand

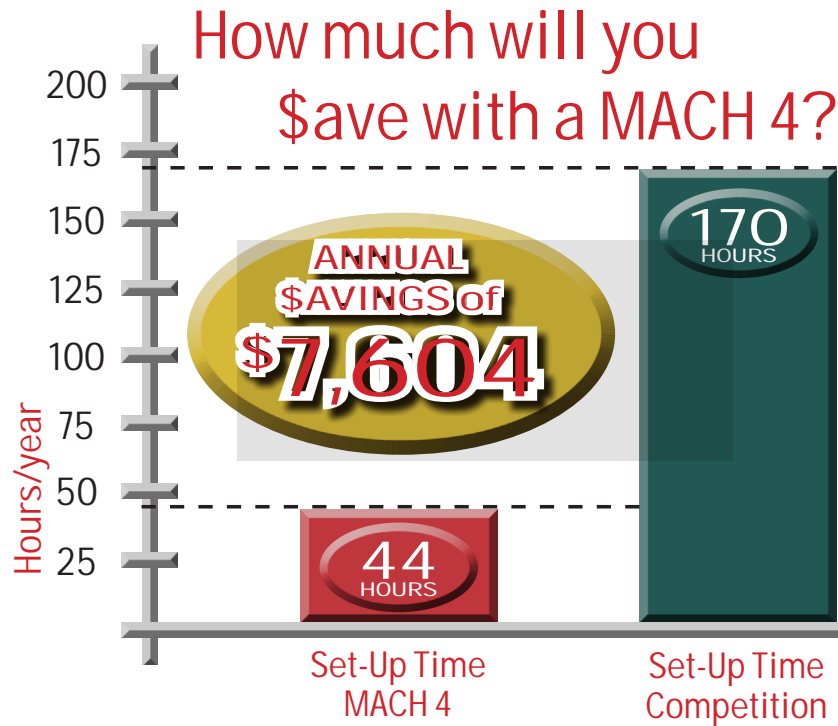

- Spring loaded caster wheels for easy positioning and portability
- Spring assisted height adjustment in 1" increments ranging from 56" to 82 1/4"
- 4" fine-tune adjustment
- Available in 18,000 & 33,000 lbs. capacities

INCREASES PRODUCTIVITY

SAVES YOUR TECHNICIANS TIME & YOU MONEY!

Rotary Lift's all new MACH 4 is not only faster and easier than the competition... it will actually save you money. Time saving features and productivity enhancing design come together to run circles around the competition.

With these savings (see chart to the right) your lift pays for itself in less than 4 years.

• Study based on technician rate of \$60/hr and assumed 50 week work year.

GOLD CERTIFIED

Rotary Lift's MACH 4 is ALI Certified. It takes a combination of the right design, engineering excellence and quality manufacturing to earn this certification. It is extra assurance for you that your lift meets the highest industry safety and performance standards. Look for the Gold label.

The Rotary Mach4 Mobile Column is warranted for a period of two (2) years for parts and one (1) year for labor commencing from the effective date of acceptance by the Customer. A warranty registration form or registration card must be sent to Rotary Lift within 30 days of receipt of equipment to establish such date otherwise the invoice date will become the effective date of acceptance by the customer. During the warranty period, parts that are found to be defective will be repaired or replaced (at the discretion of Rotary Lifts) without charge. The defective parts must be returned, freight charges prepaid, with the acceptance date listed on the parts to Rotary Lift or a pre-approved Rotary Lift authorized service center (RAI). The repaired or replaced parts will be returned, freight charges prepaid, by Rotary Lift. Warranty applies only to the original purchaser and is not transferable. In addition to the above, Rotary Mach4 Mobile Column lifts also include a five (5) year, parts-only, warranty on hydraulic cylinders and a lifetime parts-only warranty on nylon guide rollers. This warranty does not apply where equipment has been damaged due to abnormal wear, misuse, overloading, accidents (including shipping), inadequate or improper maintenance, alteration, improper fluid maintenance, or other causes not the result of defective materials or workmanship. Repair or replacement is the exclusive remedy for allegedly defective equipment under this warranty and Rotary Lift will not be liable for any consequential or incidental damages for breach of any express or implied warranty on this equipment. Rotary Lift is not responsible for claims not made by persons other than Rotary Lift authorized service providers (RAI's) or sales representatives.
