

RubyCi

ALL-IN-ONE STORE MANAGEMENT SOLUTION

RubyCi is the latest POS solution offering from Verifone. It is equipped with a functional site controller included in one piece of hardware providing fast, efficient, complete store management. The combination of POS and site controller makes this solution the only one of it's kind in the marketplace. Now, site owners have the ability to consolidate as well as upgrade their operating technology at the same time.

RubyCi is equipped with a high capacity processor allowing it to grow in functionality as business needs change or expand. The sleek touch screen hardware allows for more counter space and a smaller footprint for each work station.
