**Wholistic  
WELLNESS**  
CLINIC, PC

REBALANCE ▶ RESTORE ▶ REVITALIZE

**Chiropractic Adjustment:** Spinal manipulation to relieve nerve dysfunction and allow the body to innately harmonize its systems. \$40

**Energy Meridian Testing:** Muscle testing to determine what elements are in disharmony and determine stabilizing treatment. \$30-\$50

**Chiropractic Adjustment with Energy Meridian Testing:** \$60

**NeuroEmotional Technique (NET):** Mind/Body treatment that connects the emotional component with the disease in the body and harmonizes the system, effectively and efficiently. \$100-\$300.

**Chiropractic Adjustment/Energy Meridian Testing/ NeuroEmotional Technique:** A combination of all of the above, to assist in the healing process. \$80

**Acupuncture:** Needles inserted at specific points in the body help promote natural healing by stabilizing the "qi" throughout the system. While it is often associated with pain control, it is effective in treating a wide range of medical problems. \$45-\$55

**Facial Acupuncture Renewal:** painless and effective treatment for renewing the face as well as the whole body. acupuncture increases blood flow, which then distributes nutrients to the cells and increases collagen and elastin production. This procedure helps erase fine lines, reduce deeper lines, and firm bags around eyes and neck. \$125

**Facial Acupuncture Renewal with Deluxe Herbal Facial:** Adding Chinese herbs and organic essential oils to facial acupuncture provides radiance to the skin, decreases puffiness and redness, tones, reduces stress, and promotes total health and well-being. \$175

**IonCleanse:** Utilizing water and ionization, this process removes toxic material stored in the body due to factors such as poor diet and stress. \$50 per session or \$400 for 10 sessions

**Physiotherapy Treatment:** Assists in healing injuries through the use of ultrasound, electric muscle stimulation, and the application of hot and cold. \$25-\$50

**Allergy Sensitive Elimination Reactive Technique (ASERT):** Combining the senses of the body (seeing, hearing, smelling, touching and feeling) to eliminate and desensitize the body to allergens. This technique has been helpful in treating allergies, environmental sensitivities, anxiety, sinus problems and other allergy related issues. \$50

**Myofascial treatment:** A "Percussor" instrument is used to help unwind the fascia of the body, resulting in a reduction of chronic pain syndrome. Decreases adhesions and improves circulation. \$25-\$40

**Color/Sound Treatment:** Color and sound are used to assist the body in its natural ability to balance itself by enabling the body's cells to vibrate on a new level, more conducive to healing. \$25

**Acne Violet dermaLASER:** FDA approved for the treatment of Acne. \$50 Combine it with a cooling herbal wrap. \$60

**Violet/Red Erchonia Laser:** FDA approved for the treatment of chronic musculoskeletal pain. The laser increases intra-cellular energy resulting in decreased pain and inflammation, and increased range of motion. \$25-\$40

**QiGong Treatment:** Vibrational waves help synchronize body parts, chakras and penetrate deep tissue. Helps relieve minor aches and pains as well as providing other therapeutic benefits. \$25

**Brain Balancing with Eye-Light Treatment:** The next step in integrating and stabilizing the brain with the use of state of the art neurological protocol. This technique has been valuable in treating ADD, ADHD, Parkinson's, MS, Depression, Anxiety and other neurological issues. \$40

**Eye-Light Treatment:** Assists in the treatment of Depression and ADD/ADHD. Eye-Lights use the optic nerve to help "wake Up" and strengthen the weaker portion of the brain. \$25

**Interactive Query System (IQS):** This computerized device helps determine imbalances and nutrient deficiencies through the use of acupuncture points. \$75

**Personal Exercise Training:** Certified Personal trainer tailors exercise program specific to health issues and needs to promote wellness through physical activity. \$40/30 min.; \$75/Hour

**New Patient consultation:** In-depth discussion regarding health and well being with questions specific to nutrition, exercise, sleep patterns, medications, supplements, etc. Includes energy meridian scan, blood pressure check, and structural examination. During this examination we will determine the physiological, emotional, and environmental stressors that are depleting your health. Dr. Terri Cooper, \$150; Dr. Robin Voorhees, \$100.
